## 6516209748.txt

I have just recently (last 4 months) been using XM radio. The ability to get a clear signal all the time any where has been extremely beneficial. I travel a great deal around the capital region. I have found that the ability to get local traffic information IMMEDIATELY extremely useful. I don't have to wait for traffic on the 8's.

Additionally, when I travel outside the area I have used the traffic reports for Baltimore, MD to my advantage. I just wish that XM radio would expand its local coverage to help me avoid traffic jams and help save me both time and in these days of high gas prices, money.

I urge you to reject NAB's petition 04-160 and infact urge XM radio to expand its coverage.
